

# The funding program «Research in Palliative Care» in numbers

Myriam Tapernoux  
Department Science, SAMS

Closing symposium  
21 November 2019, Kursaal, Bern

## A few key numbers

- 5 calls: 2014 – 2018
- 138 applications
- 34 grants, 4 fellowships
- 28% success rate
- 19.7 mio CHF requested
- 4.4 mio CHF awarded

## The aims behind the numbers

- strengthen research skills and infrastructures
- anchor PC in academic and research funding system
- support junior researchers
- fund high quality research
- collect scientific data in CH

## The generous sponsors

- so, where are we now?
- a few challenges beyond the numbers..

«Live every day as if it is your last and one day, you'll be right»

Woody Allen
